Kempton Park, 1619

Construction Chemicals

Sales and Distribution Agents

CONSTRUCTION

Plasterkey	Water based plaster bonding aid
Contractabond	Cost effective alternative to Plasterkey
Skimplaster	Water based, ready to use skimming plaster and crack filler
Konkleen	Removes dried concrete and stains from bricks, scaffolding, shuttering, building tools and machinery
Tileloc (Key Coat)	Copolymer Latex bonding & waterproofing compound. Assists in bonding tiles to smooth surfaces
Waterloc	Copolymer Latex waterproofing admixture for use in cementitious compositions. Ideal for showers
Drikon	Accelerates concrete drying time and renders concrete water resistant.
3B Grease	Release agent used for coffer moulds & anti rust coating
Superstrip	Mineral oil based shutter release oil for off-shutter finish and precast work
AS7	Wax Based release agent for wooden shutters. Wood preservative.
AS88	Mould release agent precast, quick release properties. Dry cast precast work
AS666	Mould release agent & bond breaker
AS 991	Resin based curing compound. SANS 423 compliant
AS 991WP	White resin based curing compound. SANS 423 compliant
AS 994	Wax based curing compound. SANS 423 compliant
Acrycure	Acrylic based curing compound. SANS 423 compliant
Soluble Oil	Emulsified Hydrocarbon based releasing agent. Can be diluted by up to 5 parts of water for shutters
Spirits of Salts	Etching concrete floors, cleaning of bricks & metal
Aqualoc	Copolymer Latex waterproofing compound, highly flexible, resistant to silage acids & alkali
Bituproof	Bitumen emulsion waterproofing
Drain Cleaner	Sulphuric acid-based drain cleaner.
Sprayseal	Water based water repellent for brick, block, plaster, grout, tiles & concrete substrates
Stone Sealer	Penetrating sealer, providing maximum protection against stains. Limestone, sandstone, slate etc. Satin finish.
Damploc	Treats & combats rising and penetrating damp. Paint on application.
Screwgoo	Waterproofing & sealing roof screws.
Superlatex	Latex admixture for cement compositions. Improves adhesion, resistance to water and vapour

CEMENTITIOUS & EPOXY BASED PRODUCTS

EPOXY ADHESIVES

E150	General Purpose Epoxy Paste
E151	High strength Epoxy Paste
E160	Epoxy Primer, adhesion promotor
E181	Wet to Dry Epoxy, anti-rust coating for steel components
E500	Epoxy adhesive paste (horizontal dowel anchoring)

EPOXY GROUTS

E211	Epoxy Flow Grout 3 part, grouting for vibration applications, concrete remediation - horizontal
------	---

CEMENTITIOUS WATERPROOFING

C400	Supaflex Waterproof Coating, elastomeric coating, protects against carbonation, chloride and sulphate attack
------	--

CHEMICAL ANCHORING

E222	Chemical Anchor (vertical down) - slow cure, chemical and heat resistant, vertical down starter bars etc.
------	---

CONCRETE & PRE-CAST REPAIRS

E440	Low Viscosity Resin Crack Filler
E450	Culvert Repair Epoxy paste
E451	Shutter Board Repair Epoxy paste

CEMENTITIOUS GROUTS

C250S	Supagrout Standard, standard bedding grout
C251PF	Supagrout PF, precision flow grout
C258MC	Supagrout MC, micro concrete structural repair 90Mpa
C262BG	Supagrout SBG, packing grout

REPAIR MORTARS

C270S	Supapatch S, standard patching & repair mortar
C271FR	Supapatch FR, fibre reinforced patching & repair mortar
C273LG	Supapatch LG, light grey patching & repair mortar
C275RS	Supapatch RS, rapid setting patching & repair mortar
C276FC	Supapatch FC, nano technology fairing & architectural coating
C289FW	Supapatch FW, matches cast in situ off shutter concrete and precast work

CEMENTITIOUS FLOORING

C355SL	Cemfloor Selflevel Floor Screed
